

SAM.gov

Verification of Federal Representations & Certifications

All businesses and other entities doing business with the federal government are required to register for a Unique Entity Identifier also known as a UEI. A UEI is issued by the System for Award Management (SAM); the UEI replaced the DUNS number as the authorized identifier for the federal government.

For those contracts utilizing Federal Funds, verification of Federal representations and certifications is required. This is discussed within the Federal Terms & Conditions which must be included within all contracts utilizing Federal funds. Please see the verbiage below.

Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment

The Contractor agrees it will not provide or use covered telecommunications equipment or services in the performance of this contract in compliance with 2 CFR 200.216. Covered telecommunications equipment or services has the meaning provided in Public Law 115-232, section 889.

When viewing an entity's registration within SAM.gov, there is an option available that allows a user to download a PDF report which provides all representations and certifications made by each entity.

This resource provides the steps required to download an entity's representations and certifications report.

The applicable representations can be found under FAR 52.204 – 26 and DFAR 252.204 – 7016.

You must accept the U.S. Government System terms to sign into this website.

This is a U.S. General Services Administration Federal Government computer system that is **"FOR OFFICIAL USE ONLY."** This system is subject to monitoring. Individuals found performing unauthorized activities are subject to disciplinary action including criminal prosecution. This system contains Personally Identifiable Information (PII) and Controlled Unclassified Information (CUI). Individuals entering data into this system must only enter PII and/or CUI when it is specifically requested. Exposure of PII and/or CUI as a result of an individual inadvertently entering PII and/or CUI into a public data field where it is not required is the sole responsibility of the individual entering the data. Failure to follow these instructions may result in your record being deactivated. Individuals viewing, reproducing or disposing of this information are required to protect it in accordance with 32 CFR Part 2002 and GSA Order CIO 2103.2 CUI Policy.

Using another person's email address and password to access SAM.gov is strictly prohibited.

GSA may revoke access to your account if you engage in this activity. You may also be subject to further disciplinary action up to and including criminal prosecution.

Select Criteria

Choose your filters and run your report to begin.

Within the search box, enter the name of the entity whose representations and certifications the user is attempting to verify.

For this example, we will search for the State of Montana, Department of Administrations entity registration by entering 'State of Montana'.

Entity Search Tip:

If the search does not generate the registration in question, please verify the legal name of the entity. Many businesses or entities have a DBA or 'Doing Business As' name and the search may not return the correct corresponding entity registration.
