

Verification of Debarment or Suspension

All businesses and other entities doing business with the federal government are required to register for a Unique Entity Identifier also known as a UEI. A UEI is issued by the System for Award Management (SAM); the UEI replaced the DUNS number as the authorized identifier for the federal government.

For those contracts utilizing Federal Funds, verification of Federal debarment and suspension is required. This is discussed within the Federal Terms & Conditions which must be included within all contracts utilizing Federal funds. Please see the verbiage below.

Debarment and Suspension.

Contractor is subject to the non-procurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR Part 180. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

Contractor agrees to comply with the DOD implementation of 2 CFR part 180 (at 2 CFR 1125) by checking the Excluded Parties List System (EPLS) at the current OMB website to verify (sub)contractor eligibility to receive contracts and subcontracts resulting from this Agreement. The Contractor shall not solicit offers from, nor award contracts to contractors listed in EPLS. This verification shall be documented in the Contractors contract files and shall be subject to audit by Federal and State audit agencies.

When viewing an entities registration within SAM.gov, there is an option available that allows a user to download a PDF report which will verify the following useful information:

1. Federal debarment or suspension also known as exclusions;
2. UEI Number; and
3. Verifies the entity's registration is still active and states the last updated date.

This resource provides the steps required to download an entity report.
