

## eMACS 21.2 New Release Feature Snapshot-Screenshot

---

### IMPORTANT:

The eMACS 21.2 release upgrade will be promoted to the eMACS Production environment beginning Friday July 23, 2021, at 7 PM MDT/MST through Sunday July 25, 2021, at 10 AM MDT/MST. During this time frame the Production environment WILL NOT be available to agencies or vendors.

Agencies are asked to review events they may have opening during or around this time frame and consider if any action is necessary, i.e., extending Open Date, and if applicable, Q&A Submission Close Date. The Q&A Submission Close Date for the Q&A Board is often missed in this review.

Listed below are changes taking immediate effect Monday July 26, 2021. These changes should NOT affect existing functionality, permissions, or access rights.

## New Shopping Experience Enhancements

In this release, we continue to add improvements to the shopping experience by updating our shopping cart, checkout, requisition, and purchase order interfaces. Changes made include moving the action buttons from the sidebar to the top right corner of the document page, creating new icons, and making general updates to the overlays and tabs.

Previously, action buttons were in the right sidebar:

Now they are in the top right corner of the page:

## Ability to Hide the Price Component and Additional Items Sections

We now could hide these sections if we discover that our users do not use these sections. This will help reduce some clutter and complexity for the event owners.
